

KHAIRUZZAMAN MUHAMMAD is a partner in the General Corporate and Commercial Advisory practice group since January 2005. He was awarded a Bachelor of Laws (Hons) degree in 1988 from the Essex Institute of Higher Education (now known as the Anglia Ruskin University), in the United Kingdom, and was enrolled as a Barrister-at-Law of Lincoln's Inn in 1989. For the first 15 years since he was admitted to the Malaysian Bar in 1990, Khairuzzaman was involved in the litigation arena specialising in all aspects of commercial litigation, principally in areas of banking and corporate law. In the course of his litigation career, Khairuzzaman was involved in several landmark cases before the Malaysian Courts, right up to the Federal Court level, dealing with legal issues pertaining to judicial review, banking law, company law and constitutional law.

In May 2000, Khairuzzaman was awarded a Graduate Diploma in Commercial Law from the University of Sydney, Australia. Since then, he has been actively involved in advising government-linked agencies and companies, corporations, as well as financial institutions on issues relating to corporate and shareholders related matters, debt-financing issues, contractual disputes, joint-ventures, financing, land development projects and modern corporate governance. Khairuzzaman was involved in the drafting of the East Coast Economic Region Development Council Act 2008 as well as several other Federal and State legislations. Recently, Khairuzzaman advised a major Japanese energy company in the setting up of its business in Malaysia and had also led the legal team advising on the various legal issues relating to the restructuring of Malaysian Airlines (MAS) and the acquisition of its assets by the new airline, Malaysian Airlines Berhad.

He currently sits on the board of SME Bank Berhad, a development financial institution wholly owned by the Ministry of Finance, Malaysia that is mandated to nurture, develop and finance SMEs in Malaysia, and is also an Independent Non-Executive Director of MIMOS, the advanced technology research and development centre set up by the Government of Malaysia.
